

WHO WE ARE:

Do It for Jack is a family-run, non-profit charity focused on fentanyl education. Through our powerful speaking engagements and carefully curated resources, we're educating our community about the growing threat of fentanyl—and what you can do about it. We are working to preserve our future generations from the increasing presence of illicit substances so that no more precious lives are lost.

BRING OUR STORY TO YOUR SCHOOL:

- Student Assemblies ages 12-18.
- Teacher in-service sessions.
- Parent education.
- Magnified giving, capstone projects, and other student service projects.
- Enrich health and mental wellness programs.

WHY IT'S IMPORTANT TO YOUR STAFF & STUDENTS:

Fentanyl is the #1 killer in the United States of 18-45 year olds.
No age is immune.

Educating your staff and students WILL save lives!
